

Wells County Medical Alert System

120 W. Spring St.
Bluffton, In

260-273-0510

wellscountymedicalalert@gmail.com

Tracy Fiscus (Wells County Medical Alert Administrator/Tech)

All service is provided locally. Wells Community Health Services Foundation Auxiliary (Bargain Hut) started the local medical alert program in 1984 and partnered with Bluffton Dispatch Center and Wells County Emergency Personnel.

Bluffton Dispatch Center monitors for us. It IS NOT monitored out of state, the unit actually dials 911!!!

Must have a landline or a cellular home phone connection device, NOT a cell phone (Verizon & AT & T cellular/landline devices usually work)

\$33.00 for first month (includes installation)

\$18.00 thereafter

No cancellation fee No maintenance fee

No responders fee (unless you are transported by EMS, then you will have the EMS charge which will be turned in to your insurance or medicated on scene then refuse transport. This is not EMS insurance and you will be responsible for any cost that is cost that is incurred.)

We don't sell or give out your information. We'll never sell you anything.

All we need to get started is your name, address and phone number!
